**Offer for sale: Beksinski catalogues**

Dear Mr. Dmochowski,

As you told me at our last meeting at yours perhaps you would like to buy again some copies of our Beksinski catalogue we published in 1997. After discussing a possibly discount for you now I can make you the following offer: The original price of one copy amount to 54,00 DM, but we can offer you an unit price of 43,00 DM regardless of whether you want to order 10 or 20 copies. (That means: 10 copies would amount to 430,00 DM, 20 copies to 860,00 DM in all.)

If you agree with this offer I courteously would like to ask you to inform us about your decision as soon as you can to be able to send the requested copies off just before Christmas.

Expecting your answer I remain,

Yours sincerely,

Gerd Lindner  
Director
